# Whitworth College Bulletin

SPOKANE, WASHINGTON

---

Volume 7

October 1936

Number 1

---

Entered as second class matter, August 5, 1930, at the Post Office, Spokane, Washington, under the act of August 24, 1912. Published four times a year, in Oct., Dec., Feb., and April, at Spokane, Washington. Subscription, 50c a year.

---

## FOREWORD

This bulletin is issued in the interest of high school seniors who are planning to go to college. It attempts to answer the many questions that come to one's mind when he thinks of going to college.

It tells definitely of the progress of the institution and some of the many things Whitworth students are doing.

---

## FACULTY

All but two members of last year's faculty have returned and in addition Mr. George B. Williston of the Piano department has returned after a year's leave of absence. Mr. Otto Bachimont is the new head of the Modern Language department and Miss Olive Logerstrom is head of the Home Economics department. Mr. Ralph Schlichtig has been added to the Engineering department.

A new course in nurses' training has been instituted at Whitworth, and Miss Leonie Soubirou has been added to the faculty to handle this work.

Miss Ruth Walter is serving as acting Dean of Women during the leave of absence of Dean Jenkins who is studying in the East.

---

## TRANSPORTATION FACILITIES EXPANDED

In order to care more adequately for the local students who wish to commute from the city of Spokane, the College has purchased a new thirty-five passenger International bus to connect with the Spokane United Railways at scheduled times. This bus will also be used to a limited extent in the transportation of athletic teams, musical organizations and other groups to Inland Empire communities.

---

---

## *DORMITORY FACILITIES EXPANDED*

Because of the unprecedented demand for dormitory room, Whitworth College was forced to acquire a new building near the campus for the use of the men. This building, which has been named Whitworth Hall, will house between thirty and forty students. Ballard Hall has been converted into a women's dormitory, which with McMillan Hall, gives the College three dormitories and space for ninety men and women.

An automatic stoker has been installed in the McMillan Hall furnace, which in turn has been connected with Ballard Hall as the first step in the creation of a central heating plant.

The Ballard Hall furnace room has been turned into an athletic dressing room, and the small store-room adjoining it has been made into a shower room. This gives easier access to the athletic field than in previous years.

---

## *HOME-COMING*

The annual Home-coming celebration will be held October 23 and 24. The events will begin with a special chapel program October 23 in charge of the alumni. On Friday evening the annual bonfire and pep rally will be held in charge of the yell king. The Home-coming football game with Eastern Oregon Normal of La Grande will be played Saturday afternoon, and the Home-coming banquet will be held Saturday evening. Charles Frazier, president of the student body, will act as toastmaster at the banquet and he will be assisted by Graham Potter, president of the alumni association.

---

## *SPECIAL GROUPS AVAILABLE*

Whitworth College has for several years maintained the service for Inland Empire communities of sending entertainment groups into churches, civic clubs, schools and other organizations.

This service will be continued during the current year. A letter or telephone call to the College will make it possible for worthwhile programs to receive a contribution of talent from our student body.

---

---

## *EXTENSION DEPARTMENT SERVICE*

The Whitworth College Extension Service is continuing its service to churches in the Inland Empire for the third year. This service brings trained youth leaders, under the direction of the department head, to assist young people's groups in developing their latent possibilities.

A letter mailed to G. B. Baldwin asking for a counsellor, a challenge team, or a recreation team will receive an immediate response.

---

## *ART CLUB CONCERT SERIES*

The Whitworth College Art Club has put into operation a more ambitious program than that which has been used in past years. Instead of presenting local artists free of charge, the club is bringing into Spokane three concerts by nationally known musicians.

Sigmund Spaeth of New York, widely known over the air as "The Tune Detective of Radio," will be presented October 30. On February 5, Herman Ivarson, only recently arrived in this country from Norway, will present a concert of Norwegian songs. During the month of April, Mr. and Mrs. Logan of Washington State College will present a joint piano and violin recital.

All of these concerts will be held in the Golden Concert Studio of K F P Y. Admission is by ticket, of which only a limited number are to be sold.

---

## *SPECIAL ADVANTAGES of WHITWORTH COLLEGE*

Not more than eight students to each faculty member, insuring individual attention.

Faculty trained in the best graduate schools of the nation.

Low cost as compared with other colleges of similar type and standards.

Opportunity for leadership through extra-curricular activities.
